(Scripps-McRae Dispatch.)  
NEW YORK, Jan. 27.—Captain William Van Schaick, commander of the ill-fated steamer Slocum, was found guilty on a charge of criminal negligence in failing to keep his crew properly drilled for fire emergency.  
Capt. Van Schaick was sentenced to ten years at hard labor in Sing Sing. He is 67 years old and has been river pilot and seaman for forty years.  
The general opinion appeared to have been that the old man was the victim of lax employers whose duties it was to supply him with proper equipment.  
A motion will be made in federal courts to secure his release. Officers of the company which owned the Slocum will be tried next week on the same charge.

## FOXY GRANDPA MOVE IN TAX FIGHT ON THE COUNTY

The plan of City Attorney Mahoney in the city's appeal to the state tax commission to adjust the tax apportionment between the city and country is to file the appeal at the last moment allowed by law so that the investigation will bring the tax commission here to inspect farm lands during July and August when crops are ripe. At that time the commission will be best able to judge of the real value of farm lands. The time for the filing of the appeal will expire March 14.

## BLINSTON WILL SUE LA CRESCENT ON HIS CONTRACT

W. H. Blinston of La Crosse has decided to sue the La Crescent school district for breach of contract as a result of the decision of the district to readvertise for bids for a new school house after Mr. Blinston had once been awarded a contract to raze the old school building and construct a new.  
Another suit has been started against the district by George W. Bunge, one of the attorneys for the district in the recent injunction proceedings, for the amount of his fees. The suit will be tried before Judge Kingsley in Caledonia during the February term of district court.  
Several other suits are pending as a result of the school-house muddle and the school district threatens to be put to considerable expense in settling its troubles.

## MAY HAVE TO PAY NEW LICENSE

An important decision affecting all future transfers of billiard halls and saloons and cigar stores in which there are pool or billiard tables, was made by City Attorney Mahoney today.  
The ruling, in effect, was that new licenses will have to be taken out where property changes ownership, or in other words that billiard and pool licenses, like liquor licenses are non-transferable.  
The question came up in the sale of the Michaels billiard hall and cigar store at Sixth and Main streets to Samuel La Chappelle.

## COUNTY LOST IN POPULATION

Walter L. Houser, secretary of state, in a recent issue of the Milwaukee Free Press, had the following to say of Wisconsin. These facts from a source of such authority in the state are very deeply interesting. Although the work of compiling a census of the state for 1905 is not complete, some interesting facts are disclosed.  
A few counties have lost in population during the last five years. Adams 79, Buffalo 242, Calumet 189, Crawford 360, Dodge 858, Green 329, Iowa 143, La Crosse 147, Lafayette 682, Pepin 336, Pierce 510, Richland 138, St. Croix 114, Sauk 181, Washington 113.  
Except Milwaukee county, Douglas makes the greatest gain, 7,164. Marathon follows with 6,903, then comes Dane with 6,022. As could be expected the northern counties have made the greatest proportionate gains in population; Ashland, Barron, Polk, Oconto, Price, Shawano and Wood showing very substantial gains.

The evidence showed that the Briebachs assaulted him in an effort to reclaim the card and inflicted severe bruises upon Farley's head.  
Farley sued for damages for the assault.

## MOROCCO WANTS TO HANDLE MONEY

## Sultan Sets Powers' Dele- gates Back by Put- ting Up Scheme

(Scripps-McRae Dispatch.)  
ALGECIRAS, Spain, Jan. 27.—Morocco today surprised the delegates by presenting a detailed plan of its own for the financial reform of Morocco. The delegates had been talking of an agreement upon a plan submitted by the powers in 1904 when the Sultan's representatives created a sensation by submitting a counter proposal. It was wholly unexpected and takes much of the wind from their sails.

## BALDWIN TO JUDGE THE UNIVERSITY DEBATE

C. L. Baldwin has been appointed one of the judges on the intercollegiate annual debate between the state universities of Iowa and Minnesota, to be held in Minneapolis, Feb. 23.

## Chief Has All Direc- tories Except Two

After a search of several years Chief Byrne has succeeded in securing almost a complete list of La Crosse directories, only two issues being lacking. The missing volumes are those covering the years 1866-7 and 1881-82.  
In 1866-67 the first directory was published in La Crosse and there may not be a volume in existence. The chief is hopeful, however, of finding a copy of the 1881-82 directory. Any citizen who has a copy of either of these missing volumes will confer a great favor upon the department by donating it to the city.  
The police department finds these old directories invaluable in locating people who lived here years ago and for whom relatives or other people are searching. Desk Sergeant Webster says there is not a week that passes in which he does not have occasion to refer to one of these old volumes.

## GOLD WAS KICKED UNHEEDEDE

## About Deck in Val- encia Horror

## RICH MINER OFFERED

## To the Person Who Wou Save His Life, But None Cared.

(Scripps-McRae Dispatch.)  
SEATTLE, Wash., Jan. 27.—Among those supposed to have been lost on the Valencia is J. B. Graham who recently sold a mine in Alaska for \$60,000. Graham had aboard bag containing \$1,500 in gold. He offered that and more to any who would put him safely ashore. No could and none paid any attention to the gold which was kicked over the deck unheeded. The survivor brought the story had even clothes when rescued and says would not be put into the same position again for a ship load of gold.

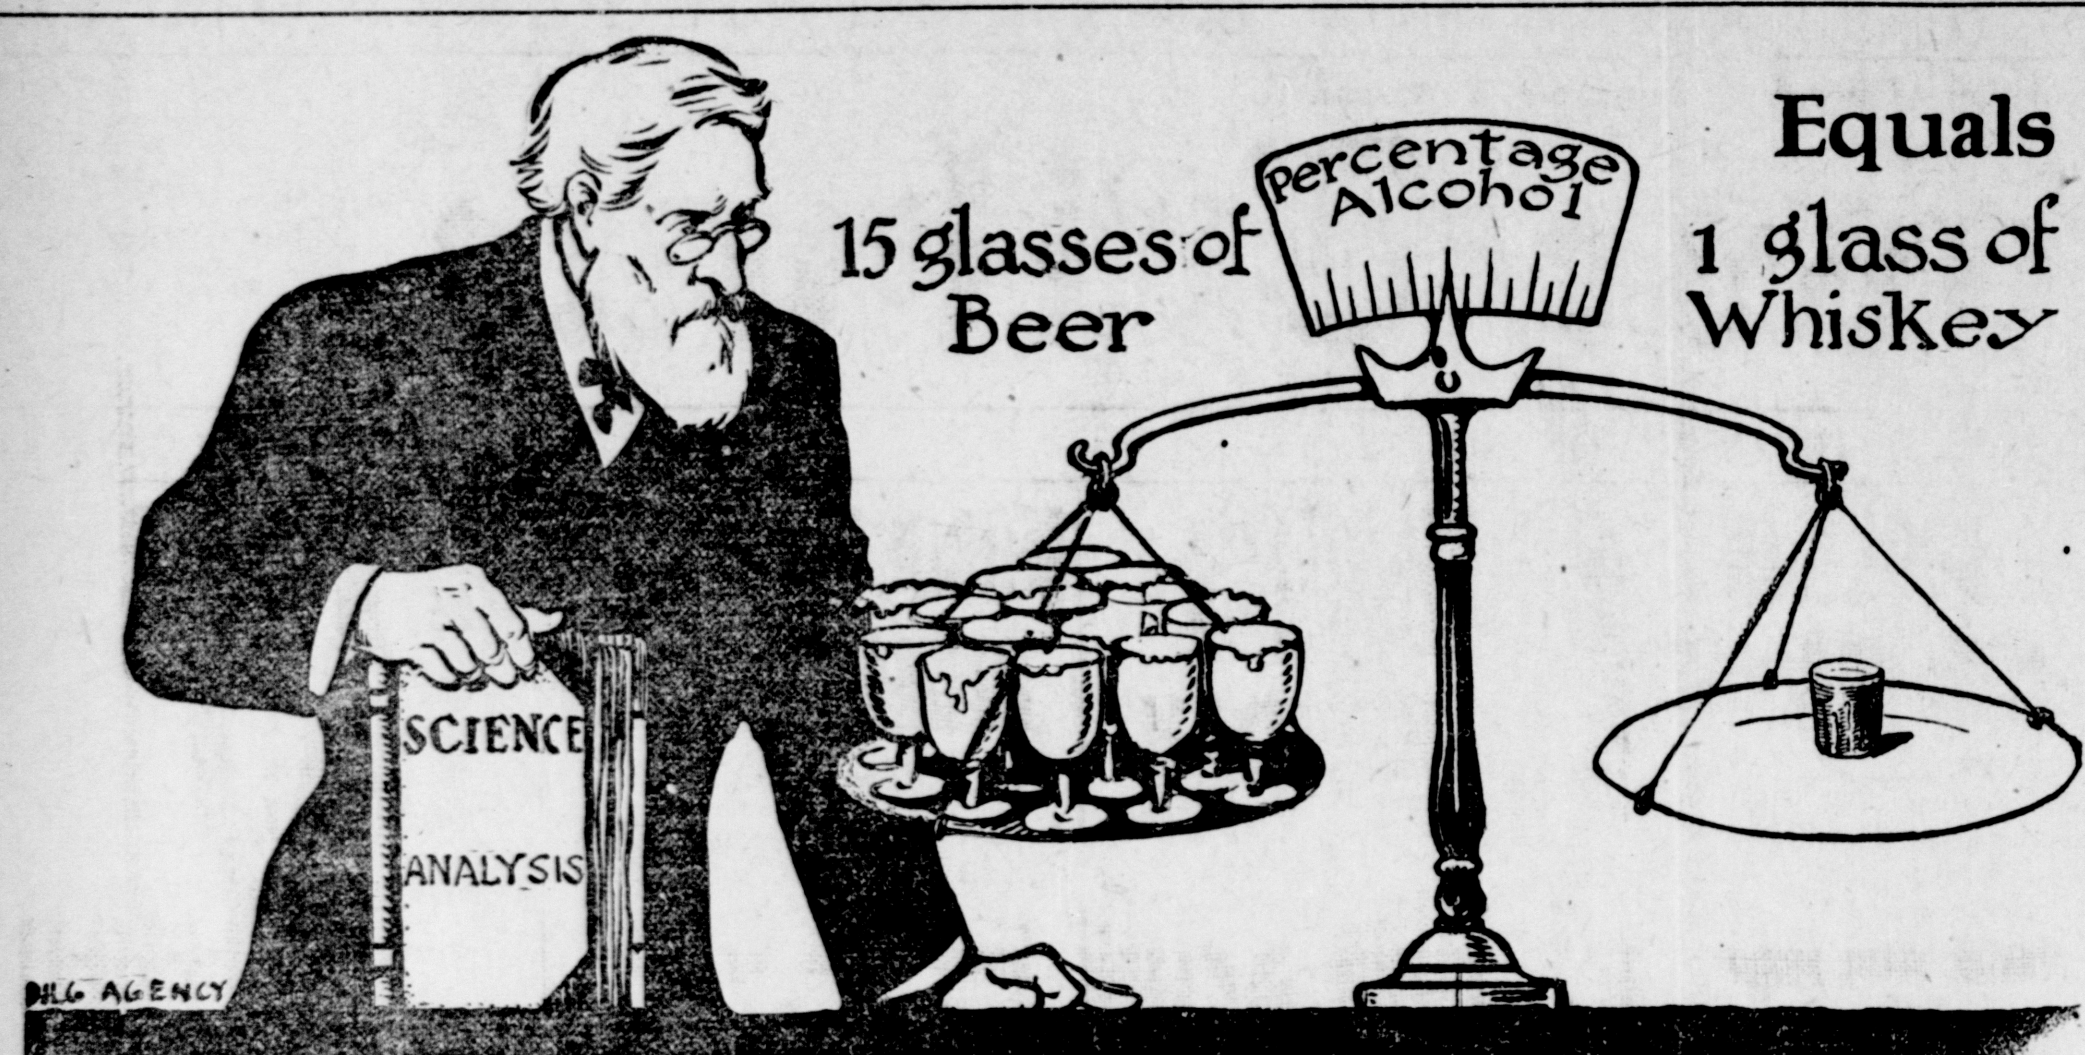

## DOGS SAVE MAS- ER'S LIFE

VALLEJO, Cal., Jan. 26.—To strength, intelligence, courage, a faithful love of his two hunting dogs, Hospital Steward Paxton of the naval hospital at Mare Island, owes his life. While duck hunting on the b Paxton's boat was capsized and would have been drowned had not been towed ashore by his dogs. When Paxton was thrown into cold water by the capsizing of his boat, encumbered with his hunting shooting clothes and weighed by cartridges, he was at a disadvantage in the struggle for life. There was no other boat sight, or persons on the lonely shore and Paxton's cries for help fell on no human ears. They reached ears of his dogs, however, who w paddling ahead of him for the shore and they turned and seemed at once to perceive the danger of their master. Swimming to him as he continued to call, they at first tried to seize clothing with their teeth. Paxton, however, spoke to them, and they placed their intelligence at his command, even as they put their strength at his service. He turned their heads toward shore, and, placing his hands on their flanks, urged them onward. Half supporting himself, half swimming, he managed to reach the shore. He reached the navy yard in an exhausted condition, and says he would certainly have been drowned had not been for his dogs.

### The Prohibition Theory on Beers

Has been weighed in the balance and found wanting. The great scientists of all Nations after careful analysis declare that beer brewed from pure barley malt and hops contains only about  $\frac{3}{4}$  per cent of alcohol or just enough to mildly stimulate the body and promote healthy digestion. Dr. Bauer, the German analyst (whose fame is international) says "Beer has a number of pleasant and valuable qualities. No other beverage contains such a combination of useful properties. The water of it quenches the thirst, the carbonic acid refreshes, the extracts are nutritious, the alcohol furthers digestion, the mineral salts build up the bones and extracts of hops act as a tonic."

Dr. Bauer's statement here given exactly describes the qualities of

## Gund's Peerless Beer

Its commanding superiority over all American brews was proven at the St. Louis World's Fair where in open competition with the best America can produce it won the **Gold Medal**. Peerless has been brewed for over 50 years from the best Malting Barley and finest Bohemian Hops by the world-famous "Gund Natural Process" and has won its high position solely on account of unadulterated genuine honest merit. Sold at all places of public resort and generally found in the homes of our very best people. Telephone, write or call; a case will be delivered to your home at once.

## WM. LYNAM OPENS A DETECTIVE AGENCY

La Crosse is to have another private detective agency. William Lynam, formerly patrolman on the city police force and for several years detective under Chief Byrne, has opened an office in room 412 McMillan building and makes formal announcement of the opening of the agency.

Mr. Lynam has had 18 years' experience and all classes of detective business will be handled by the agency. Evidence will be secured in civil and criminal affairs and special watchmen with police power will be provided whenever desired.

Mr. Lynam's long experience on the local force and inside knowledge of La Crosse people and affairs makes him peculiarly adapted to a business of this kind and the agency will no doubt do a thriving business.

## NEBROS HERPICIDE IS ON DISPLAY

In the show window of O. T. Erhart's drug store, corner of Fifth and Main streets, there is a pretty display of Newbro's Herpicide.

A revolving disc, operated by a ris-

sing current of hot air, upon which variegated colors are made to play like the "dance of the demons," forms a peculiarly attractive centerpiece for the quantities of neatly arranged packages and bottles so displayed as to set off the beauty of the articles to good advantage.

One seeing a display of Newbro's Herpicide and Hair Soap, recognizes an old friend. It is so alone by itself in merit that no other goods of the same class can even be said to compete in the markets.

Mr. Erhart is very exclusive in his selection of prepared goods, and will not sell any medicines called for, unless he feels that he can personally recommend them. "Of course," said Mr. Erhart the other day, "if there is a demand for an inferior article, I furnish it, but I never push goods that I think are poor."

## MUSIC LOVERS, ATTENTION!

Prof. A. R. Wiley will open a studio in the Keefe Business College building, where those wishing to consult him concerning voice culture will be able to find him next Tuesday afternoon.

Mr. Wiley's list of private pupils is rapidly filling up, and singers wishing to avail themselves of the opportunity should consult him without delay. The extremely limited time the director will be able to devote to private work makes it necessary for him to limit the list to a few people, and it will be, "first come, first served."

Dr. George Powell, consulting physician and surgeon.

## AT THE THEATRES

"Arizona" pleased a large and select audience at the La Crosse theatre last night. The piece was presented with all its original intensity and strength and each part was filled by an artist. "Arizona" will be ranked by theatre-goers as one of the best of the season's presentations.

Miss Cecilia Shay, the famous opera star will appear tomorrow night in "Paul Jones," one of the striking comic opera pieces of the season. The chorus is large and attractive and the piece should draw a large Sunday night audience.

Eva Tanguay in the "Sambo Girl" a play she made country-wide in reputation, will appear at the La Crosse theatre Thursday, Feb. 1st. Miss Tanguay's reputation as a musical comedy star and comedienne is too well known to La Crosse people for comment. The "Sambo Girl" will no doubt be one of the season's successes.

The Chicago Orpheum Vaudeville company that plays at the La Crosse theatre tomorrow matinee at 2:30 has a world wide reputation for presenting a high class entertainment, every act presented having merit and will entertain the wisest critic or most skeptical person and if the patrons of the theatre are pleased with the attraction it will be within the reach of them Monday, Tuesday and Wednesday. There will be an entirely new company of artists, for it is the

policy of the management to not repeat any act for two years. The program for the occasion consists of many interesting novelties, among them are Lazar & Lazar, the Beau Brumels of musical comedy, introducing tuneful and pretty music played by skilled musicians; W. F. Gallagher, singer of descriptive songs, illustrated with beautiful pictures; Sheak Bros., high class athletic entertainers, hand balancers and equilibrists; Pete Dollely, monologue artist, mixer and distributor of refined comedies; Esther Sisters, talented novelty singing and dancing specialists. Now for a big feature the Orpheoscope, the latest and most wonderful moving picture machine ever invented, presenting three realistic and instructive pictures, "The Impossible Convict," "The Custom House Search," "A Kentucky Feud." Don't forget this aggregation of stars of colossal magnitude. Remember the show is clean, moral and refined and caters especially to ladies and children, knowing if you attend one of these events you will always be a friend of the Orpheum company, and will patronize it whenever the opportunity is offered.

## OLD HUBE IS PAST THE "LIMIT"

Chris. Huber, more commonly known as "Old Hube," was this morning sentenced to the county jail by Judge Brindley for 45 days on the charge of being a common drunkard.

"Ole Hube" is a well known character about town. He was originally a steamboat cook, but landed here off a trip several years ago with a little roll of money, accumulated a large jag and has never been entirely sober since except at intervals when he became so bad that the police had to lock him up. Continued debauchery has so weakened his system that he has had considerable trouble with his heart lately and on several occasions drugs have had to be administered to him at the police station to bring him out of his stupors. The authorities have long since given up all hopes of ever effecting Hube's reformation.

## SINGS "MOTHER" IN VAUDEVILLE.

The Great Scholl of the Orpheum Vaudeville Co. is going to use "Mother" and "Sleep," hereafter on the cornet and saxophone respectively. He discarded Neil Meret's "Moonlight" to put these on and makes special announcement of the composers at each show. Joe Stockemer, the boy soprano sang the chorus of "Sleep" from the wings last night accompanied by Scholl on the saxophone and made a big hit.

## LOOK FOR A FAKIR

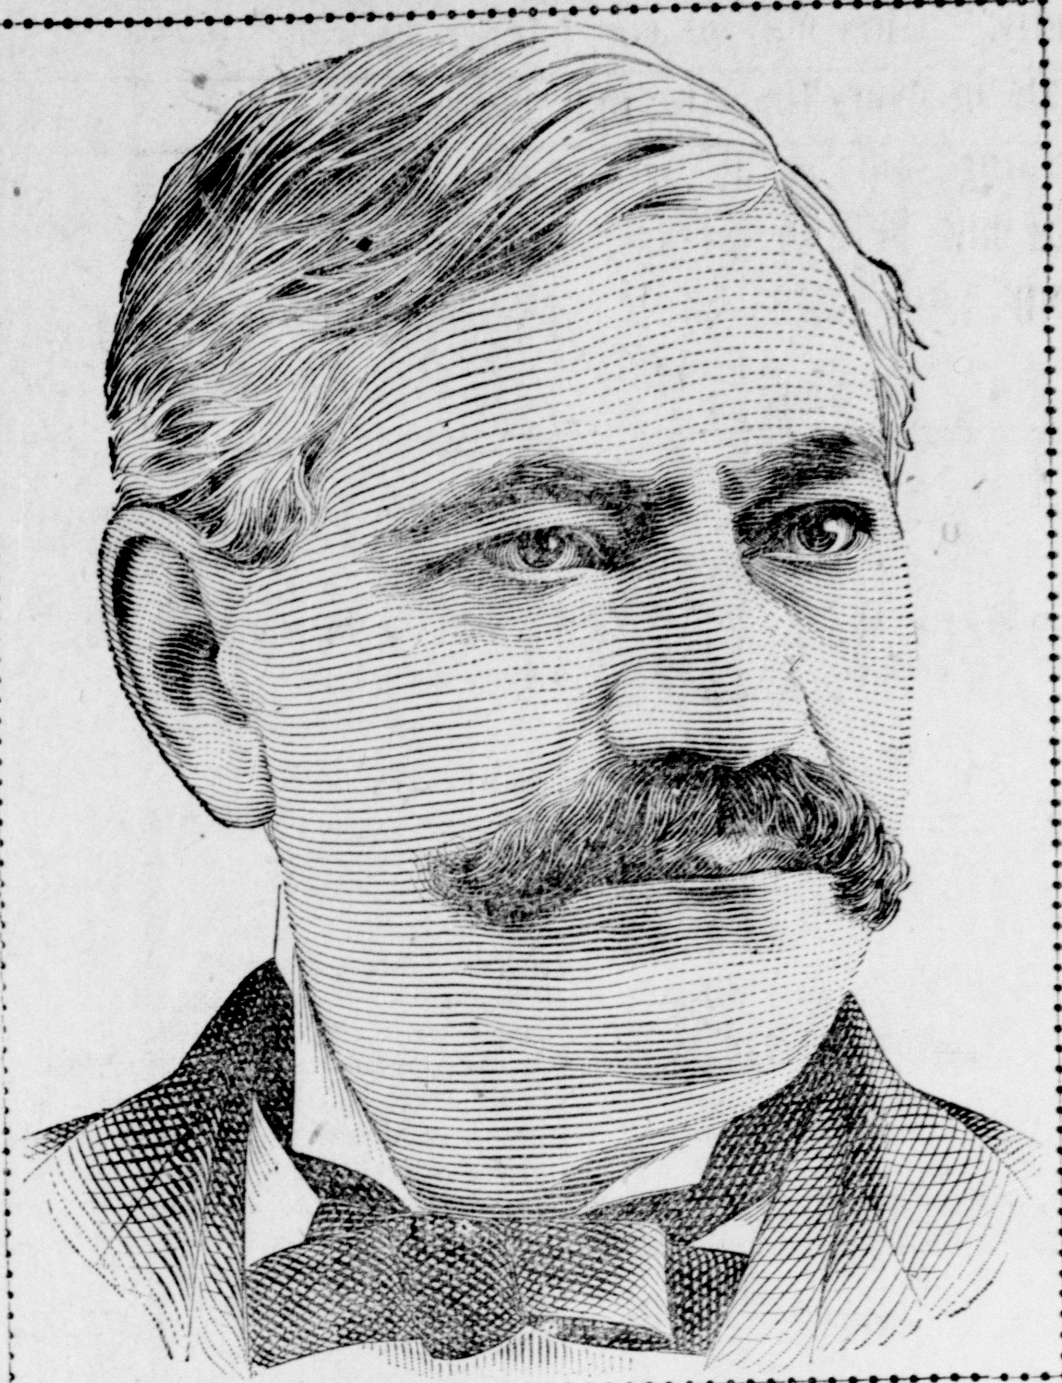

Police authorities are looking for A. V. Mills, who claimed to be a representative of Dodd, Mead & Company, publishers. Mills, it is charged, defrauded a large number of La Crosse people by collecting money in advance on a cheap proposition for good books. The books are not forthcoming. Mills is said to have gone from here to Minneapolis and a search of the twin cities will be made for him.

"One must know one's own measure and keep it in view." Just to specify. YOU know how big your store is—you know its measure: Does anyone in the city think it a smaller store than it is? The chances are that if anyone does it is because you have been careless about keeping your store's measure "in view."

Dr. Will Powell, diseases of women.

# SOCIETY

By ALICE W. WHEELER

One would judge that the Lenten season had struck us from the quiet which has reigned the past week in social circles. Clubs and theatrical amusements have been the principal forms of entertainment, though a few small and pleasant afternoon companies have crept in, in a modest way and there have been several dinners as well as card parties. But it cannot be called a really gay week.

If it keeps on at this pace we will all die of ennui before Lent really begins. The weather has been all that one could wish, and the sleighing ideal and with the beautiful moonlight nights which are to come it is safe to prophesy many delightful sleighing parties for the coming week.

### GRADUATING CLASS RECEPTION.

There was a pleasant reception Wednesday evening at the high school building given by the teachers of the high school for the senior members of the February and June class. Through the efforts of Miss McNam, Miss Lillian Dudley and Prof. Weyland who were on the decorating committee, the art room was transformed into an attractive place by the addition of oriental rugs, luxurious couches and sofa pillows. Miss Barbara Russell and Miss Heideman had charge of the amusements which consisted of guessing contests. In the first, "A Floral-Love Story," Miss Bessie Simpson took the prize for the most correct answers. In the conundrum contest Charles Suitor carried off the prize, a beautiful high school banner. Later in the evening dainty refreshments, consisting of hot chocolate, several varieties of sandwiches and fancy cakes were served from prettily appointed tables. Those in charge of the refreshments were the Misses Helen Burton, Helen Dorset and Kate Buell. All seemed to thoroughly enjoy the evening and to appreciate the pleasant affair. The pupils composing the senior classes who were present were as follows: Harry Newburg, Earl Tiffin, Charles Suitor, John Otten, Will Torrance, Ray Dickinson, Gertrude Tansche, Nettie Torrance, Nellie Hebbard, Norma Reichelt, Viola Hoeffer, Helen Lavake, Lillian Sielstad, Antoinette Sabelowitz, Pansy Gage, Lois Wartinbee, Bross Brownell, Will Daniels, George Kohn, Benjamin Nelson, Agnes Nelson, Nellie Donald, Cora Patterson, Emma Fetzner, Mary Main, Bessie Simpson, Rena Timmings.

# NEWBRO'S HERPICIDE

Your hairs WILL talk! It doesn't matter how much you try to silence them with heavy veils and broad hats, the ends of the hair will stick out and call to every passer-by, "See how dull and brittle we are! She neglects us shamefully." Every woman should have beautiful and abundant hair, for nature lavishly rewards those who labor intelligently to preserve and beautify it. Is your hair oily or sticky? Is it dull or lusterless? Have you dandruff? If so, you should use Newbro's Herpicide at once. It kills the germ or microbe that causes dandruff and falling hair, after which the hair will grow as nature intended. It stops itching of the scalp almost instantly and gives the assurance of a cure from the very first application. It contains no oil or grease, and is unsurpassed for its daintiness. It makes the hair light and fluffy and gives it a silken gloss.

LA CROSSE WOMEN MAKE GOOD.

We have been appealing to "THE MANHOOD OF LA CROSSE MEN." It is now apparent that it pays also to appeal to "THE WOMANHOOD OF LA CROSSE WOMEN." The mails yesterday brought in another large number of letters containing pledges signed by women, and it looks as if they would prove a splendid help in promoting industrial La Crosse.

This is exceedingly gratifying. The women are not eligible to membership in the board of trade, and there is no women's association of similar nature through which they can assist in the splendid effort that is just beginning to be made to give this good city the push of its life. We believe that this is unfortunate. That the women are as loyal as the men is certain. We have here in La Crosse women who have distinguished themselves as financiers, women who have the same grasp on industrial and commercial matters that have our businessmen. Were there a civic society for women, these who "know the ropes" could become instructors of the larger percentage who do not. The society would in this way become an important factor in the education of women to the problems of city-building, and would enable the sex to take a serious part in the affairs of the municipality. With all the men working in other towns, and all the men and women working in La Crosse, we would certainly outstrip anything in our class.

But the distribution and signing of the home-builders' pledges will help, and maybe the other will come later on.

LARSEN IS STRONG.

Edward Larsen, of West Salem, formerly register of deeds, is a candidate for the office of superintendent of the county asylum to succeed the late Samuel McKown. There are two other candidates for the office.

Of the three, Larson is probably the strongest man. He has the advantage of an unusually extensive equipment for clerical and accounting work, and his experience with men during his public life has become a valuable asset. His managerial capacity is recognized by those who have seen him in harness, and it appears to be the consensus here that he is admirably fitted for the place. The other gentlemen who are seeking the place, while strangers to us, are represented to be exemplary citizens, and men of intelligence and standing. However, when all the qualifications have been weighed, it is accepted as a matter of fact that the new superintendent, by right of merit, should be he who so ably served this county upon the occasion of his former residence in this city.

PLEASE, MOTHERS!

We want to again call the attention of the mothers of La Crosse to the department in this paper known as "HIGH CHAIR PHILOSOPHY." It is the drollery and fun of childhood, garnered from homes where the nursery or playroom is open to us. It has not started pretentiously, but we hope to make it one of the most interesting of our departments. To do that, we must have YOUR co-operation.

Mail us your children's quaint sayings, or telephone them to Mrs. A. M. Brayton, 1122 Main street, new phone 814C. Help us to entertain those who love children, and you will be amusing the best people on earth. Your names will be kept in confidence, if you so desire. Be sure and tell us the funniest or drollest thing your little girl or boy said last week.

HIGH CHAIR PHILOSOPHY

Mail your baby stories to Mrs. A. M. Brayton, 1122 Main street, or communicate by new phone, 814 C. Names of parents in confidence, if desired. Won't the mothers of La Crosse please help us make this column entertaining by contributing to it the cream of their nursery humor? THE PUBLISHERS.

ENGLISH AS SHE SPOKE.

A teacher in the fifth grade was reading "The Legend of Sleepy Hollow" to her pupils. They came to where Ichabod Crane was returning from the party at Katrina's, and was being pursued by the "headless horseman," when "a plashy tramp beside him caught the ear of Ichabod Crane." She read on to the bottom of the page, about how the "headless horseman" had thrown his head at Ichabod, etc., when a very excited youth raised his hand and cried: "But, Miss B., what became of the tramp?"

"Why, the tramp, what tramp?" asked the teacher, wondering.

"Why, the tramp—don't you know—the tramp that came up beside him and caught him by the ear!"

"Why don't you try to be good Annabelle?" Annabelle is a busy young woman of nearly five whose mother is much concerned as to her rather boyish conduct.

"O, I dunno, Mamma, I spec I wouldn't make it out, any way." And her mother felt that it was a pretty good guess.

Y. M. C. A. NOW HAS 456 MEMBERS

The Gasoline engine lecture given last evening by Prof. Fowler in the Y. M. C. A. building was well attended. The next lecture will be given Friday and will be on the carburetor. The membership has now reached 456 and they expect to have reached their 500 mark by the 1st of February.

The annual meeting of the La Crosse baseball club will be held on Monday, February 26. Among the matters to be discussed will be the plan to hold a carnival to assist in raising funds for the support of the team during the coming year.

FIGHTING JOE WHEELER.

(Written anonymously by a St. Louis reporter after the event it relates, which happened during the Spanish war.)

Into the thick of the fight he went,  
Pale and sick and wan,  
Borne to the front in an ambulance,  
A ghostly whisper of a man.  
But the fighting soul of a fighting man,  
Approved in the long ago,  
Went to the front in an ambulance  
And the body of Fighting Joe.

One of the ranks they were coming back,  
Smitten of Spanish shells,  
Wounded boys from the Vermont hills  
And the Alabama dells.  
"Put them into the ambulance,  
I'll ride to the front," he said,  
And he climbed to the saddle and rode right on,  
That little, old ex-Confed.

Then from the long blue ranks  
Arose the ringing cheers  
And many a powdered blackened face  
Was furrowed with sudden tears,  
As with flashing eye and gleaming sword  
And hair and beard of snow,  
Into the hell of shot and shell  
Rode little old Fighting Joe.

Sick of fever, racked with pain,  
He could not stay away,  
For he heard in the song of yester years  
The deep-mouthed cannon's bay.  
He heard in the song of the calling guns  
There was work for him to do  
Where his country's best blood splashed and flowed  
Round the old red, white and blue.

Oh! fevered body and union heart  
This country's heart beats out to you,  
In love and reverence and to each  
Dear boy who wore the blue—  
Who stood and fell mid shot and shell,  
And cheered in the face of the foe,  
As wan and white, into the fight  
Rode little old Fighting Joe.

BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address

ADMISSION—UNMASKED, 50; MASKED, 35 CENTS.

AN APPEAL

To the Manhood of La Crosse Men

For months THE TRIBUNE has been conducting a campaign to promote the support of La Crosse manufacturers by urging all loyal citizens to buy goods made in La Crosse wherever and whenever they are to be had on even terms with goods shipped here from foreign factories. It is an unfortunate fact that all of us are in the habit of neglecting this important duty. We do it because we are thoughtless; every man of us would buy a La Crosse article that is as good as a foreign-made article sold at the same prices, IF WE ONLY THOUGHT. The Tribune proposes to make every man in La Crosse THINK.

Why We Should Always Think

If La Crosse has a great future, it is as a MANUFACTURING CENTER. The sawmills and the Wisconsin pine forests made La Crosse. But the pine forests are gone, and the sawmills are gone, and most of the lumbermen are gone. Those who remain have wealth accumulated in a lifetime of industry, and they want to invest it. They would prefer to invest it in La Crosse, but they will not do so extensively unless they recognize a purpose on the part of the people of La Crosse to support the establishments that are started here. Neither will the millions of outside capital seeking investment come here without the encouragement of HOME SUPPORT. In short, La Crosse cannot be anything great except a manufacturing center, and it cannot become a manufacturing center unless its people invite investment in factories by supporting their factories.

It Is Up to You

Do YOU live in La Crosse? Do YOU expect to CONTINUE to live in La Crosse? If you do, you are vitally interested in everything that will build up La Crosse. Nothing will build this city up as will home patronage of home goods. The Tribune has begun a crusade which it believes will within one year increase the home market for home-made goods FIFTY PER CENT. That is a lot to say. We say it because we believe in YOU. We believe that once YOU become impressed with the importance of doing so, you will DEMAND home-manufactured goods. Who are YOU?

Are YOU a capitalist? An investor? If so, YOU know that a popular purpose to buy home-made goods means success to La Crosse factories whose successes MUST radiate success to every man who owns a dollar's worth of property here, or is engaged in business here, or earns salary or wages here.

Are YOU a merchant? If so you know that support of home goods means more factories, more employees, more patrons of the retail stores, more sales, more profits, more prosperity. It means enhanced values of your real estate; it means a bigger bank account and an expansion of your business.

Are YOU a salary or wage earner? If so you know that home buying of home goods means more employment, higher average wages, increased in value of your home if you own one, greater general prosperity in which you are a stockholder.

What Can You Do?

You can make up your mind to do something, and DO it. We ask YOU to fill out and sign the pledge that accompanies this article, and mail it to The Tribune. We guarantee you that this will HELP. "Every little bit helps."

Think what it would mean were 1,000 men of La Crosse to sign this pledge, and KEEP IT! WE KNOW that at least 5,000 La Crosse men will sign it and keep it. It is easy enough, and we know that YOU will do this little bit for La Crosse. WAIT A MINUTE! This means YOU. And NOW is the time.

Get your friends to sign this pledge also. See to it that your influence is exerted in a good cause. Write a letter telling what you think of the work, and suggest to us new ideas in carrying it out. Address all letters and pledges to

City Builders' Pledge

I hereby pledge my support to the movement for the support of HOME factories. I will buy La Crosse made goods wherever they compete in quality and price with foreign products; I will buy of home retailers in preference to foreign mail order or department houses; I will give preference to home jobbing houses; I will endeavor to induce my neighbors and friends to do the same.

# DENUNCIATION OF "TOWN TOPICS" BY JEROME AND JUDGE.

New York, Jan. 27. — When Nor-  
man Hapgood, editor of Collier's Week-  
ly, flayed Town Topics and Justice  
Denel, its censor, without mercy, he  
did not make himself guilty of criminal  
libel. It took a New York jury  
only a few minutes to reach that deci-  
sion and hand in its verdict. This fol-  
lowed the closing address for the pro-  
secution by District Attorney Jerome,  
in which he said the defendant was one  
of his best friends, while he loathed  
some of his own witnesses. A pecu-  
liarity of the case was that the district  
attorney, ostensibly in court to prose-  
cute the alleged libel, made his  
severest attack on the evidence for the  
plaintiff.

### Explanation of the Case.

This case has been keeping New York  
reporters awake nights for some  
months. According to the evidence  
Town Topics was behind a book called  
"Fads and Fancies," which was in-  
tended for limited circulation among  
the wealthiest people in New York and  
the country, and sold for \$1,500 and  
more. The testimony for the defense  
was that when a wealthy man refused  
to take a copy of "Fads and Fancies,"  
he "got it in the neck," as it were,  
from Town Topics. Also when a man  
refused to help Colonel Mann, prop-  
rietor of Town Topics, by lending him  
money or buying stock in Town Top-  
ics, he also was unfavorably treated  
by Town Topics. It was these al-  
leged practices of Town Topics that  
Collier's Weekly played.

### Jerome's Remarkable Speech.

District Attorney Jerome's speech  
was the feature of the last day of the  
case. He began by saying: "I will  
not attempt to disguise from you the  
utter loathing and contempt I feel for  
some of the witnesses whom I myself  
have introduced. For more than two  
weeks we have been wandering  
through 'Vanity Fair,' witnessing ex-  
hibitions of human weakness and fol-  
ly, and in some instances, of human  
degradation."

### PROSECUTION EXTRAORDINARY

Jerome Says the "Crime" Ought to  
Have Been Committed.

Proceeding Jerome said: "It may  
be that I ought not to be prosecuting  
one of the best friends I have for a  
crime which in my private judgment I  
believe he ought to have committed  
and which I might have done in his  
place with more heat and more vim  
than he displayed. \* \* \* There is  
scarcely a morning paper that does not  
print vile scandals and obscene mat-  
ter. I don't see what interest it con-  
serves to publish such stuff. I don't  
see what interest articles relating to  
the misconduct of this or that person  
have for you and me. Does it serve  
any useful purpose? Is it other than  
filth?"

"It is put there for no other pur-  
pose than that of paying dividends to  
the stockholders. The average newspa-  
man is run from the counting room  
standpoint. Many of the advertise-  
ments are but a corruption fund to in-  
duce quiet about this, that or the other.  
This is not a pleasant statement to  
make, but if you ask the average  
newspaper man why a certain paper  
let up on a certain proposition his re-  
ply will be: 'Why, didn't you see that  
'ad' of so and so?' These papers  
haven't yet reached the condition that  
this vile sheet has reached. I am not  
here to justify Town Topics."

Justification of the editorial denoun-  
cing Justice Denel, Jerome said, "means  
that Denel was part owner of the pa-  
per, censor and reviser of proof, and  
that the paper, which he edited in part,  
extorts money and prints scandal. It  
is alleged that he threatened to make  
public the family skeletons of society  
people unless given money."

Referring to Judge Denel Jerome  
said: "As a justice I will say for him  
that he conducts his judicial duties  
honestly, fairly and well. Mr. Shepard  
has admitted that a great jurist did  
violate the statute, but Denel was not  
drawing a salary of \$17,500 a year.  
One rules a banking house from the  
supreme court bench, as others have  
from the bench."

The dispatch from Washington con-  
taining a denial from Secretary Loeb  
in behalf of President Roosevelt that  
the president ever gave his autograph  
to the publishers of "Fads and Fancies"  
for publication with an article about  
him, was shown to District Attorney  
Jerome. Jerome said: "The letter  
shown me is a copy of the letter re-  
ceived by Colonel Mann, and is of date  
Nov. 1, 1905. There was a previous  
letter received by Justice Denel, of  
date of September, 1903, signed by Mr.

Loeb, and enclosing corrected proof of  
the article on the president appearing  
in 'Fads and Fancies,' transmitting to  
Justice Denel the four photographs  
which appear in 'Fads and Fancies'  
illustrating the article which appeared  
therein President Roosevelt."

## Southwest is Excluded

Indianapolis, Jan. 27.—A called ses-  
sion of the international convention of  
the United Mine Workers, which lasted  
for more than five hours, revealed  
the fact that the "stand-patters" were  
in the minority, and all efforts to place  
the convention on record as favoring  
extreme measures in the attempt to  
force the operators of the central com-  
petitive district to admit the operators  
and miners of the southwestern dis-  
trict to the functions of the joint con-  
ference proved futile.

After two resolutions had been de-  
feated President Mitchell took the  
floor and announced his belief that it  
would be impossible to obtain the con-  
sent of the operators to the admis-  
sion of the outlying districts, and ad-  
vised the convention to refrain from  
extending extreme measures in this di-  
rection. A motion to inform the opera-  
tors that the miners were ready to con-  
tinue the discussion of the wage scale  
prevailed, and the joint conference was  
convened. When adjournment was  
taken discussion of the miners' wage  
scale was in progress.

## Half Million For the Poor

Cincinnati, Jan. 27.—A trust fund  
of nearly half a million dollars for the  
relief of the needy poor of this city is  
provided for by the will of Joseph  
Earnshaw, a civil engineer of national  
repute, which has been filed. One pe-  
culiar condition may prevent the crea-  
tion of the trust. The will provides  
that the estate shall descend in fee to  
the widow, Isabella, who may dispose  
of it as she wishes.

In case, however, Mrs. Earnshaw  
fails to dispose of the estate, or dies  
intestate, the property shall go to the  
city, the proceeds to be used to endow  
what the testator wishes to be known  
as the Earnshaw Relief Fund, which  
shall be administered for the relief of  
the needy poor. The trust is to be  
handled through the mediumship of  
trustees appointed by the mayor. The  
will is dated Feb. 5, 1892.

## WEATHER HURTS THE MARKETS

New York, Jan. 27.—R. G. Dun &  
Co.'s Weekly Review of Trade says:  
No change appears in the business sit-  
uation, weather conditions favoring  
outdoor work, but causing accumula-  
tion of heavyweight wearing apparel.  
Reports from the northwest are favor-  
able, but most other sections have  
found bargain sales necessary to re-  
duce stocks of winter goods. Rubber  
mills have reduced time to five days a  
week, and lumbering operations are  
seriously retarded by lack of snow.  
Otherwise news of the week is satis-  
factory, especially as regards the man-  
ufacture and distribution of spring  
goods.

Products for fall are also ordered  
freely, notably in the footwear indus-  
try, and shipments of boots and shoes  
from Boston for the month thus far  
eclipse all previous records, which is  
especially significant when viewed in  
the light of the rapid growth of the in-  
dustry in other sections. Iron and steel  
plants have made steady progress, and  
the manufacturing consumption of fuel  
is heavy, but household demand for  
anthracite coal reflects the mild tem-  
perature that has prevailed.

Failures this week numbered 334 in  
the United States, against 395 last year,  
and 40 in Canada, compared with 43 a  
year ago.

# STOCK TRANSFER TAX VALID IN N. Y.

New York, Jan. 27.—The constitu-  
tionality of the stock transfer tax law  
of New York state has been affirmed  
by a decision of the appellate division  
of the supreme court. About \$5,000,  
000 annual taxes are added to the state  
revenues by the decision. The case de-  
cided was a test action brought against  
Albert J. Hatch, a stock broker, who  
was charged with having sold and de-  
livered shares of railroad stock with-  
out paying the tax required by this  
law. Four justices decided for the con-  
stitutionality of the law and one  
against it. Justice Frank C. Laughlin  
wrote the decision, and in it he de-  
clared:

### Legislature Had the Power.

"The sole inquiry is whether the leg-  
islature exceeded its jurisdiction and  
enacted a tax measure in contraven-  
tion of the state or national constitu-  
tion. There is no express limitation  
in our state constitution to the tax-  
ing power of the legislature." Justice  
Laughlin then says that the appellant  
relies on the 14th article of the amend-  
ment to the federal constitution, which  
provides among other things that "no  
state shall make or enforce any law  
which shall abridge the privileges or  
immunities of citizens of the United  
States."

### Constitution Does Not Prohibit.

"The only provision of the state con-  
stitution," says Justice Laughlin, "re-  
lies on by the relator is section 6 of  
article 1, which provides: 'No person  
\* \* \* shall be deprived of life, lib-  
erty or property without due process  
of law, nor shall private property be  
taken for public use without just com-  
pensation.' This tax law does not de-  
prive people within the state of equal  
protection. It does not, I think, deny  
to any person the equal protection of  
the law; and is not within the prohi-  
bition of the clause of the federal  
constitution relating to the equal pro-  
tection of laws."

### Dissenting Judge's Strong Point.

Justice Ingraham, in his dissenting  
opinion, says: "Upon assaile of such  
stock there is imposed a tax based up-  
on what is called the face value of the  
stock, a value which rarely, if ever,  
represents its true selling value. There  
are many shares of stock of a face  
value of \$100 each which do not sell  
for \$10. The tax upon such a share  
would be 2 cents on \$10. There are  
stocks of a face value of \$100 per  
share which sell for \$4,000 per share.  
Upon the sale of a share of that stock  
the tax would be 2 cents on \$4,000—  
certainly an inequality in the tax which  
is unparalleled in any system of tax-  
ation of which I have ever heard."

### MORTGAGE TAX LAW

Constitutionality of the Statute Up-  
held in a General Way.

New York, Jan. 27.—An important  
decision on the constitutionality of the  
mortgage tax law has been handed  
down by the appellate division of the  
supreme court. The constitutionality

of the law was in general upheld, but  
the decision stated that the court was  
not to be understood as declaring that  
section 309 of this law should be up-  
held as a constitutional exercise of the  
legislature's power. The decision was  
made in a test case brought by Michael  
Elsman against the register of New  
York county.

The court was unanimous in its de-  
cision. Article 309 of the mortgage  
tax law, the opinion says, "has no rela-  
tion to the imposition of the tax, but  
deals with an entirely different sub-  
ject, namely, the power to contract  
between individuals as to whether the  
tax shall be ultimately paid by the  
mortgagor or mortgagee. I have seri-  
ous doubts [says the justice writing  
the decision] whether this provision  
was in some respects within the power  
of the legislature." The opinion  
says the question of the validity of the  
section is not presented upon this ap-  
peal.

## ALD. PALMER JUDGE AT THE SPLAN HORSE SHOW

La Crosse Alderman Accepts the Offer to Officiate at Chicago Meeting in February

Alderman Harry Palmer has been invited by Mr. John Splan, the celebrated Chicago horseman, to officiate as chief judge of exhibits on the evening of Monday, February 5th, at the great Splan horse show. Mr. Palmer will accept.

The invitation is a well deserved recognition of Alderman Palmer's knowledge of the horse, an honest heritage, for his father, Mr. John Palmer, is recognized as the "Daddy of All the Horsemen" hereabouts. The astute conception of the points that go to make a great horse has descended with unerring perfection

light," are superb animals trained to perfection; they know six distinct gaits, and would do honor to any stable.

### What John Palmer Says.

John Palmer, who is watching his son's operations with a fatherly interest, showed the reporter about the fine barn. Its splendid equipment is always of interest, but the unusual display of fine bred "nags" gave additional zest to the visit. "The Alderman has certainly gathered up a beautiful bunch," said the elder Palmer. "They'll know he's in Chicago." It is always interesting to talk with the senior Palmer, whose rich fund

### THE PALMER STABLE.

Where "The Daddy of All the Liverymen" Does Business.

from father to son. There is probably no better judge of horseflesh in the United States today than Alderman Harry Palmer.

### Horses on Exhibition.

"We want everybody that loves a good horse to drop around to the barn next Sunday and take a look at this car of beauties we are grooming for the Splan show," said Alderman Palmer.

A reporter looked at them today, and they are splendid animals. Fourteen shapely drivers all in fine fettle, among them the magnificent "Cynlers," and two Kentucky saddle horses compose the load. The Kentuckians, "Nightflash" and "Star-

of experience in the horse business always supplies the necessary tonic of anecdotes enriched in the telling by the veteran's ready command of the classic slang of the stables. An hour among rich equipages and fancy horses, descriptive of which interspersed with just the right number of tales of that elder day when La Crosse had more steam boats than horses and the Palmers owned all the latter, terminated a pleasant experience.

### Balky Drivers.

Harry Palmer is master of his horses without being unkind to them. "Drivers balk; horses never do," said he. "It is invariably the driver's fault. He starts the horse with a jerk on its mouth and a slash of the whip, and in stopping the animal he pulls the bit back in the horse's mouth and naturally hurts the animal. It does not matter what kind of a horse you may own, kindness is everything, and a man who is kind to his horse will have all the pleasure in the world, for a horse never forgets.

### Hopkin's Heifer Again.

"Now I've got an ugly old customer in the barn now that you couldn't hire ten men in town to drive around the block," continued Mr. Palmer. "I'll bet Cinders against Hopkin's heifer that in a week he will amble along in front of a lady driver as kind as a kitten. Nothing in abusing a horse. To start with, you must get the animal's confidence. Then you must make him understand that you are master. Once you get him to realize the fact that force is the penalty of bad acting, and that kindness is the reward for good behavior, and you have him coming your way. I seldom whip a scared horse that is inclined to back and turn in the face of a car. If you have to let the whip fall, make it tell—but avoid it if possible."

### The Horse Teachable.

"A horse is naturally keenly intelligent. Properly approached he is a ready scholar. You can teach a horse gait, and style. Of course there is reach out. The importance of shoring portance of shoring properly is to balance the horse. Horse shoring is not, as some think, a drudgery that any fool can do. Horse shoring is a science."

### Known in Chicago.

Alderman Palmer will take his car of steppers to Chicago sometimes next week. He is well known in Chicago, where he has shown his stock a number of times among horsemen and exhibitors who are longtime friends and associates of his father.
